Lead Dockhand – Summers 2014-2018, Summer 2020

I led a team of 10 other dockhands as we managed the day-to-day activities of a marina. This included managing a rental fleet of 40+ boats, interfacing with all customers, supervising other dockhands and technicians, and being responsible running the marina with as little friction as possible.

Goodhue Boat Company

Financial Intern – Summer 2022

I worked with Goodhue Boat Company's accountants and comptrollers to create different pro-forma documents forecasting the marina's future cash flows, and budgets for different aspects of the marina such as overtime pay, bonuses, and wages/salaries for different technicians

I'm currently working with a team of 3 others as we completely overhaul the documentation system for the assets of a multi-million-dollar real estate development company.
